Mr Tim Mander MP
State Member for Everton
PO Box 656
EVERTON PARK QLD 4053

Dear Mr Mander

Thank-you for your representations to Australia Post regarding Everton Park Post Office.

As you are aware, redevelopment of the Everton Plaza Shopping Centre meant that Australia Post was unable to remain on the premises. As a result we sought to transition customers to our nearby Licensed Post Offices (LPOs) at Brookside, Stafford, Stafford Heights and Alderley. This transition resulted in a positive impact to these LPOs in your electorate, who experienced an increase in foot traffic.

Because of our commitment to provide a postal service that meet the needs of the community, we are finalising arrangements to provide a Postpoint within Everton Plaza Shopping Centre. This will give our customers access to basic postage and packaging from within the shopping centre. For customers seeking full Australia Post services, they will be available at the nearby Post Offices mentioned above. We expect the Everton Plaza Postpoint to be operational this week.

The above solution presents as a positive story for both customers and our LPO operators. Surrounding LPOs are more viable with increased patronage, and customers who frequent the Everton Plaza Shopping Centre have a point of presence for basic mail services.

I understand Mr Rob Nucifora, Manager for Post Office Planning in Queensland has recently visited your office to relay this information to you.

Yours sincerely

A handwritten signature in black ink, appearing to read 'John Stanhope', with a long horizontal line extending to the right.
